

# Cesspools Pollute Milk

YOU CAN'T DRAW GOOD MILK FROM A CESSPOOL

Neither can cows stand in and drink from hot, stagnant, filthy ponds and give pure milk.

The public is demanding the inspection of the valley milk herds—the enforcement of sanitary measures—and pure milk. We have learned that inspection is going to be very rigid and that all necessary sanitary measures will be enforced. One of the first requirements will be pure cool water.

Why not get a PUMPING PLANT NOW. Furnish your stock pure, cool water—improve the health of all your live stock—improve the yield of your milk and your income, which means bigger profits for you.

We are making a specialty of the installation of pumping plants—have a well trained crew—and can quickly install you a plant just suited to your requirements.

We are state distributors for SAMSON WINDMILLS. We have a big line of gasoline engines and pumping machinery.

WE DO NOT CLOSE ON THURSDAYS

## FOR FRUIT AND CHICKENS

THIS IS THE IDEAL 6½ ACRES  
FIVE MILES BY DRIVE;  
orchard of over 200 trees of  
all varieties of fruit; ½ acre  
of Thompson seedless and four  
other varieties of grapes;  
heavy Eucalyptus grove with  
over \$300 worth of timber.  
And furthermore, it is Mari-  
copa, sandy, loam soil, with an  
old water right.  
With such abundant shade, as  
such an orchard, it is ideal as a  
home site.  
No weeds or extra growths.  
One look, and you will want this  
6½ acres at \$1,500.
